

## **Visits and Outings Policy**

As part of their learning and development, children at the nursery undertake a range of local outings including walks and visits etc. off the premises. Permission will be sought for your child to be included in such outings. Outings and visits are planned to complement and enhance the learning opportunities inside the nursery environment and extend play opportunities for children.

These will be carefully planned and the following guidelines will be followed on all outings from the nursery, whatever the length or destination of the visit:

- Written permission is required from parents and is contained in registration pack prior to commencing placement
- Appropriate staffing levels for outings depend on how the safety and the individual needs of the children can be assured
- At least one member of staff will be fully CRB checked
- At least one member of staff will hold a valid and current paediatric first aid certificate
- A fully stocked first aid box will always be taken on all outings along with any special medication or equipment required
- A completed trip register together with all parent and staff contact numbers will be taken on all outings
- Regular headcounts will be carried out throughout the outing. Timings of headcounts will be discussed in full with the nursery manager prior to the outing
- On walks, children will be strapped securely on the 'Walkodile' which allows staff to transport up to six children safely. We have two walkodiles on the premises.
- A senior member of staff will always carry out a risk assessment identifying any potential hazards on the journey or at the location prior to the outing. This will also ensure that the chosen venue is appropriate for the age, stage and development of the children.
- All staff will be easily recognisable by other members of the group; they will wear the nursery uniform
- Children will be easily identified by staff when on a trip by use of a sticker system. The nursery name, number and mobile number will be displayed
- A fully charged mobile phone will be taken as a means of emergency contact
- In the event of an accident, staff will assess the situation, if required, the group will return to nursery immediately and parents will be contacted to collect their child. In the event of a serious accident an ambulance will be called at the scene, as well as parents being

contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the nursery

### **Use of vehicles for outings**

- All staff members shall inform parents in advance of any visits or outings involving the transportation of children away from the nursery
- The arrangements for transporting children will always be carefully planned and where necessary additional people will be recruited to ensure the safety of the children. This is particularly important where children with disabilities are concerned
- All vehicles used in transporting children are properly licensed, inspected and maintained.

When planning a trip or outing using vehicles, records of vehicles and drivers including licenses, MOT certificates and business use insurance are checked. If a vehicle is used for outings the following procedures will be followed:

- Ensure seat belts, child seats and booster seats are used
- Ensure the maximum seating is not exceeded
- All children will be accompanied by a registered member of staff
- No child will be left in a vehicle unattended
- Extra care will be taken when getting into or out of a vehicle
- The vehicle will be equipped with a fire extinguisher and emergency kit containing warning triangle, torch, blankets, wheel changing equipment etc.

In the event of a child being lost, the Lost Child Procedure will be followed:

- Any incidents or accidents will be recorded in writing
- Ofsted will be contacted and informed of any incidents.
