

Fire Safety

At **KidzRus** we make sure the nursery is a safe environment for children, parents, staff and visitors through our fire safety policy and procedures.

The designated fire marshal is makes sure the nursery premises are compliant with fire safety regulations, including following any major changes or alterations to the premises and seeks advice from the local fire safety officer as necessary.

The designated fire marshal has overall responsibility for the fire drill and evacuation procedures. These are carried out and recorded for each group of children every three months or as and when a large change occurs, e.g. a large intake of children or a new member of staff joins the nursery. These drills will occur at different times of the day and on different days to ensure evacuations are possible under different circumstances and all children and staff participate in the rehearsals.

The designated fire marshal checks fire detection and control equipment and fire exits in line with the checklist below.

Fire checklist

Escape route/fire exits (all fire exits must be clearly identifiable)
Fire extinguishers and blankets
Evacuation pack
Smoke/heat alarms
Fire alarms
Fire doors closed, in good repair, doors free of obstruction and easily opened from the inside

Registration

An accurate record of all staff and children present in the building must be kept at all times and children/staff must be marked in and out on arrival and departure. An accurate record of visitors must be kept in the visitor's book. These records must be taken out along with the register and emergency contacts list in the event of a fire.

No smoking policy

The nursery operates a strict no smoking policy – please see this separate policy for details.
