

## Why Kidzrus use Famly?

At Kidzrus we believe it is important to create great partnerships with parents, so we decided to use the Family software. The App allows us to build those close relationships with direct communication with and daily activity logging via the App, it can easily be downloaded via any App Store for free, once your child has been registered you will receive a link via email to register yourself and create a password.

**Here are just some of Famly's Features and what stronger parent communication looks like:**

- Build better parent partnerships with daily updates, instant messaging, and automatic reminders.
- No more unread updates
- Time to put an end to unread newsletters, diaries and paper learning journals.
- Free parent access on mobile and online allows you to send updates straight to their pockets.
- Share photos, videos, observations and reminders to individuals or whole groups.
- Send reminders for holiday or event RSVPs and let parents report sick days without needing to phone.
- Shared child profiles allow parents to update child information and permissions without you doing a thing.
- Send direct messages between parents and management or enable contact to specific staff.
- Daily activity feed to update parents on sleep times, toilet or nappies and what they ate.
